

Description

Alternatives can be found under the 'Related products' tab, or contact us for assistance.

The Opticon OPN-3002n is a small 2D Bluetooth data collector. With a fast integrated 2D CMOS scanner and fully rechargeable. In occasions where Bluetooth is not provided, access by the USB port enables (cabled) data transfer to any USB device.

Product Features

The Opticon OPN-3002n is supplied as a ready to go functional kit including a USB cable and lanyard. With its unique ergonomic design and weighing only 60 grams the OPN-3002 is perfectly suited to being worn around the user's neck with the lanyard supplied. The Opticon OPN-3002n has a drop resistance to 1.5 meters (no need for a special protection cover).

Ease in use

Using the Opticon OPN-3002n is straightforward. No special training is needed as users only need to press a trigger key to operate and a reset key to control mistakes.
