

Description

The MDC-100 is a CCD scanner with a compact design and it scans at a rate of 300 scans per second.

Moreover, the scanner has an integrated decoder relieving customers from the need to integrate one themselves. To elaborate, this decoder communicates through a 12 pin FFC connector, which is suitable for both RS-232C and USB.

Additionally, this scanner has a low power usage with a max current consumption of 120mA, ensuring longer usage when operating with a battery or longer energy costs when wired.

Features

Properties

Warranty: 2 years

Scanner type: Scan Engines (OEM)

Physical

Connection(s): FLAT cable

Technical details

Scan engine: CCD (1D)

Barcodes: 1D
