 1D barcode  wedge  IP54

Opticon Opticon OPR3001 barcodescanner is a rugged and ergonomic yet light-weight hand-held scanner that scans with confidence, delivering reliability and durability in harsh, dirty or extreme conditions.

## Product Features

### Fast and Aggressive

Opticon OPR-3001 barcodescanners are high performance devices for fast and aggressive reading of poorly printed and damaged barcodes.

### Rugged for Demanding Environments

The Opticon OPR3001 barcodescanner is sealed in a rugged housing to IP54 standards that holds up well in environments where water and dust resistance is required. The scanner withstands multiple drops up to 2 meters (6.5 feet) onto concrete and features a trigger guard to prevent accidental scans, yet the ergonomic grip provides the user comfort when handling this lightweight scanner.

### Award Winning Design

Based on exceptional performance and quality, the Opticon OPR 3001 barcodescanner has won Japan's 2006 Good Design Award and was also selected to participate in Germany's 2006 iF Product Design Award judging.

### Good Read Indicator

A large and bright LED along with an adjustable tone provides a good-read indication especially when operating in low-light or noisy environments.
