 1D barcode  wedge  IP42

Opticon Opticon OPR3201 1D laser barcodescanner with pistol grip enables reliable scanning. The Opticon OPR3201 barcodescanner weighs only 80 grams, which is extremely light for a gun type scanner. This solid scanner withstands drops up to 1.5 meter onto concrete.

Product Features

Scanning

The scanning parts of the Opticon OPR3201 barcodescanner are positioned near the central core of the grip to stabilize the hand movement while scanning. Together with the large grip, this makes it easier and more comfortable to target the barcodes.

Plug & scan

The auto-trigger feature of the Opticon OPR3201 barcodescanner and the complementing stand initiates automatic scanning and allows the user to operate instantly and hands free. Available in USB, RS232 and Keyboard Wedge connectivity options, the Opticon OPR3201 barcodescanner can be easily integrated into any host computer system as a plug and play device.
